11. Summary

Current objectives of DOFIELD continue to be development of underground assets, expansion of present limited working relationships with Yugoslav officials vis-a-vis Albania, harassment of the regime by P/W media, and improvement of the effectiveness of the National Committee of Free Albania.

The Zogist 4-man Apple Team operating northeast of Tirana was successfully resupplied on 29 January 1953. The new W/F operator landed safely. Three previous attempts were thwarted by difficult flying conditions. An attempt on the night of 28 January failed because the aircraft was not able to locate the reception zone.

There were no propaganda or leaflet drops during January.

The covert radio maintained a regular thrice-daily broadcast schedule and a Monday and Thursday 1730 GMT aerial transmission.

The NCFA semi-monthly newspaper Shqiperia was printed on schedule. 50,000 copies of the miniature edition were printed and sent to Athens for use in air drops over Albania.

[ ] former director of DOFIELD P/W operations [ ] has completed his tour of duty and has returned to Washington.
